*REQUIREMENTS

what we're looking for

Images must be of reasonable quality, in good lighting and a minimum size of 800 x 800 pixels, but the larger the better. Feel free to split your submission across several emails if you are concerned about file sizes. Clearly show both your Showerama equipment and the environment you use them in (e.g. garden, salon, utility room). Each photo should be different, so here are some suggestions:

- How and where you have installed your Showerama equipment, either indoors or outside
- Clean dog(s) in the shower
- Small or big dog(s)
- Dirty dog(s) in the shower
- Dog(s) being dried in the shower
- Dog(s) being shampooed
- Dog(s) being rinsed off
- Dog(s) going up the steps into a shower (or anything else you put them to use)
- What you use for a water supply / shower head
- What items you store on the vented shelf

We're looking for real-world, in-use photos so don't worry about getting things perfect: just snap away. If you are canine professional or service provider, feel free to sneak your company name or logo into the shot somewhere!
